Franchise Opportunity

***The
Professionals
Group, LLC***

Sam & Louie's New York Pizzeria Franchise specializes in an exciting specialty food concept. The franchising concept is an American economic success story. With over \$800 billion in sales annually, fifty percent of all consumer purchases are made through a franchise, with predictions of an increase to seventy percent in years to come.

Right now there is the opportunity for qualified individuals to develop single or multiple franchise units in a suitable location of their choice in South Dakota & Iowa. To insure the success and growth of the operation, Sam & Louie's New York Pizzeria will continuously provide support and assistance.

A typical Sam & Louie's unit occupies approximately 1,800 to 3,400 square feet of floor space. The initial franchise fee for an individual unit is \$25,000. The total cost for operation will be between \$175,000 and \$325,000. This includes the franchisee fee, leasehold improvements, equipment, initial inventory and supplies, advertising, required working capital and the training program. Keep in mind that costs do vary based on location, the size of the unit, suppliers, and other factors.

Please contact any local prospects you may have that would like to take advantage of this franchise opportunity. I would be happy to visit with them and discuss this opportunity in detail.
